DETAILED ACTION

Information Disclosure Statement

The information disclosure statements (IDS) submitted on 7/16/04 have been considered by the examiner.

Additional Prior Art Cited

Each of the Hedblom et al discloses a retroreflective article having a set of exposed-lens optical elements.

Allowable Subject Matter

Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance: (1) None of the cited references teaches or suggests a retroreflective article having a particular arrangement of a first set of exposed-lens optical elements, a second set of exposed-lens optical elements, a light-transmissible spacing layer, and a first and a second reflective layers (claim 1); and (2) a method of making a pavement marking having the combined steps as defined in claim 22. Claims 2-21 are dependent on claim 1 and thus allowable at least for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Informal Examiner's Amendment

An examiner's amendment to the record appears below to correct an obvious typographic error. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In claim 2, line 2, "s" between "have" and "similar" has been deleted.
